January to July

LYBER

STEP

VALID FROM 12 JANUARY TO 31 JULY 2026

STEP

1-YEAR WARRANTY

310 €

Available for 5 coupling types:

Kavo®	STEP KL : 9510430
Sirona®	STEP SL : 9510432
Bien Air®	STEP BL : 9510434
W&H®	STEP WL : 9510436
NSK®	STEP NL : 9510438

- Power – 26 Watts
- Body – Titanium
- Weight – approx. 39g
- Spray – 4 air / water sprays
- Lighting – LED or optical fiber rod

STEP x2 – Recommended offer

290 € PER UNIT

€ Savings of € 20 per instrument from 2 units.

CONTRA ANGLE RED - CLASSIC

STEP 15L+

1-YEAR WARRANTY

335 €

9520001

- Ratio – 1:5 multiplier
- Body – Stainless steel
- Connection – Type-E
- Spray – 4 air / water sprays
- Lighting – LED via optical fiber

STEP 15L+ x2 – Recommended offer

310 € PER UNIT

€ Savings of € 25 per instrument from 2 units.

CONTRA ANGLE BLUE - CLASSIC

STEP 11L+

1-YEAR WARRANTY

280 €

9520002

- Ratio – Direct 1:1
- Body – Stainless steel
- Connection – Type-E
- Spray – Single
- Lighting – LED via optical fiber

STEP 11L+ x2 – Recommended offer

250 € PER UNIT

€ Savings of € 30 per instrument from 2 units.

STRAIGHT HANDPIECES - CLASSIC

LUMA X-CORE Oled

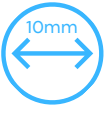

4-YEAR WARRANTY
ICE BLUE code : 9510230
TITANIUM BLACK code : 9510232

490 €

from 2 units – Recommended offer

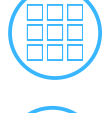

470 € PER UNIT

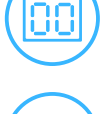

- 

ULTRA-HIGH LIGHT POWER
Thanks to its broad-spectrum and ultra-high-energy LEDs, the light power is adjustable between 600 and 3,000 mW/cm², ensuring fast and efficient polymerization
- 

LARGE-DIAMETER LENS
The LUMA X-CORE Oled features a 10mm diameter large lens, allowing for broader surface coverage and enhanced efficiency
- 

DUAL POWER BUTTON
The curing light is equipped with front and rear polymerization buttons, ensuring optimized ergonomics and intuitive handling for easier procedures
- 

MULTIPLE WAVELENGTHS
The different wavelengths enable efficient polymerization of all light-curable dental materials.
- 

NINE WORKING MODES
Nine working modes: Normal, Turbo, Ortho, Ultra, Ramp, Pulse, Soft, Low, Check, providing optimal versatility for every clinical procedure
- 

INTUITIVE DIGITAL DISPLAY
Intuitive digital display for precise control and easy, at-a-glance operation, showing the selected program, time, power setting, and battery status.
- 

AEROSPACE-GRADE MONOBLOCK ALUMINUM BODY
A monoblock aluminum body guarantees exceptional durability, optimal heat dissipation, and an ergonomic, lightweight design
- 

EASY-REMOVE RECHARGEABLE BATTERY
A 2600 mAh "Easy-Remove" rechargeable battery offering long autonomy and quick replacement without the need for servicing, ensuring continuous and uninterrupted use

COMPARISON

LUMA X-CORE Oled	Other monobloc aluminum lamps
Charging station included	No charging base
Clear digital screen (program, time, power)	Indicator lights to interpret
Simple and intuitive use	The user must memorize signals
Real 3000mW/cm ² for fast polymerization	Power often lower
Wireless rechargeable battery with included charging base	Batteries to recharge separately
Integrated radiometer	No radiometer

PACK CONTENT

- 1 x LUMA X-CORE Oled wireless curing light
- 1 x Rechargeable battery
- 1 x Charging base with radiometer
- 1 x 5V – 1A power supply
- 1 x Orange safety shield
- 3 x Microcure magnetic lenses
- 1 x Endo guide magnetic lens
- 1 x Pack of 100 protective sleeves

-  2-YEAR WARRANTY
-  MAXIMUM POWER
3000 mW/cm²
-  CORDLESS
WITH CHARGING BASE

LUMA X-LITE Oled
